[MISSION & VALUES](#)

Since 1998 OMNI HANDLING has been handling business aviation and is ISO 9001:2015 certified. In Portugal we are leader with more than 50% market share and operate out of 7 airports: Lisbon, Porto, Faro, Cascais, Beja, Funchal (Madeira) and Santa Maria (Azores). We also operate in Cape Verde, Mozambique, Angola and São Tomé & Príncipe.

ABOUT US

QUALITY POLICY

Compliance with national and international aviation regulations;

Optimizing the operations by working closely with customers and suppliers;

Effective response to market requirements;

Develop staff skills, creativity, satisfaction, empowerment and accountability;

Drive continual improvement and innovation of management system based upon efficient business processes.

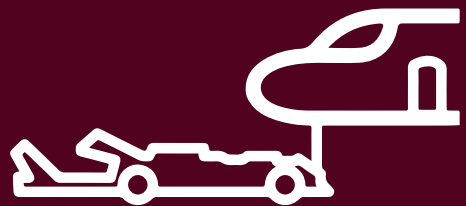

SAFETY

All activities at OMNI Handling are developed in accordance with the international rules and regulations, as well as IATA best practices.

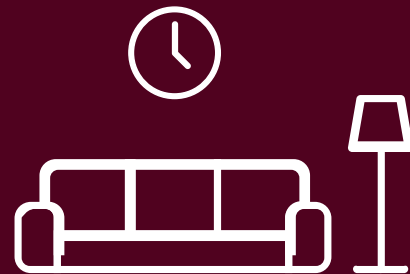

OMNI Handling is a recognised EBAA member and an ISO 9001:2015 quality certified executive ground handling agent in Portugal.

OUR VALUES

The DNA of OMNI Handling is based in trust and “can do” attitude.

We believe that an accurate, active, and transparent way of communicating with customers increases loyalty.

Internally, we promote hard work, talent, and diversity. In 2019, we decided to join in the fight against climate changes by planting a tree for each assistance made through our partnership with Reforest’Action.

MISSION

We want to deliver an efficient executive handling services meeting with the highest quality and ensure the most safety standards.

Allow you to relax as your crew, passengers and aircraft are in good and professional hands during your stay at our company.
